

Luwagala: Garden ornament "Kiwi"

€98.00

Product no.: IN-763311

It is filigree work that demands patience and skill in equal measure: Aron and Innocent Luwagala's skilful hands create the fluffy feathers of the New Zealand bird, which is also popular with African artists, from a multitude of thinly cut sheets of metal. Size 27 x 19 x 10 cm (w/h/d), each sculpture is a unique piece (sizes and colours may vary).
