

Werner Pawlok: Picture "Empire State", on stretcher frame

€590.00

Product no.: IN-727083.KR

Werner Pawlok's series "moving cities" shows city views of New York that almost look like paintings. They are based on spontaneous, almost casual snapshots taken with the simplest equipment (such as a cell phone camera), which are then elaborately processed in the studio. The rough pixels are transformed into areas of colour, resulting in shadowy city portraits that come much closer to the "true" face of the city than any glossy postcard.

Reproduction on artist's cotton canvas. Limited edition of 199 copies, numbered on the back and hand-signed by the artist. Stretched on a stretcher frame. Size 100 x 70 cm (h/w).
