Marcus Beitelhoff:
Sculpture "Postman for Downspout", copper

€1,280.00

Product no.: IN-383137

No path is too difficult for this postman. Or maybe he is fleeing from a dog in the house and calls for help with his post horn? Pure copper, 100% handcrafted sculpture, each copy a hand-signed unique piece. Size 29 x 50 x 27 cm, weight 2.7 kg. The work of art should not be attached to downpipes made of zinc because copper and zinc are not compatible.
