€480.00

Product no.: IN-001554

The upper part of a statue shows the seldom seen princess hairstyle with a curly wig and side braid. The base of the finely pleated robe of the daughter of Akhenaten, who will be identified as Ankhesenamun, is still preserved. Her eyes are ingeniously made up, and her mouth is sensitively shaped, giving the impression of stylised elegance.

Original: Musée du Louvre, Paris. Egypt, New Kingdom, 18th Dynasty, c. 1345 BC, painted limestone.

Polymer ars mundi museum replica cast by hand, height with marble base 18 cm.
