

Necklace "Falling Star"

€390.00

Product no.: IN-910515

The truly royal colour combination of this necklace will make you glow. Lapis lazuli, also known as the "stone of kings", has a long tradition as a gemstone. It was already worn as a protective stone in ancient Egypt.

Like a shooting star in the night-dark sky, the electroplated sterling silver pearl shines in the midst of the deep blue lapis lazuli necklace. Length 43-47 cm. With lobster clasp.
