€340.00

Product no.: IN-744796

Jewellery art inspired by the Egyptian design: The "Egyptian Revival" necklace is inspired by ancient Egyptian jewellery, which was also always a fortune-bringing talisman, as the Egyptians believed in the power of gold and various gemstones.

Lapis lazuli - for the ancient Egyptians of celestial origin and the symbol of truth - is combined in a necklace with a particularly beautiful colour scheme of royal blue and gold. A replica from the collection of the Walters Art Museum in Baltimore. Created with 22-carat gold-plated chain elements, genuine lapis lazuli beads and artfully set lapis lazuli stones. Length 50 cm.
