

Fundamental Berlin: Bowl "Gravity, Steel"

€749.00

Product no.: IN-940416

Inspired by the mathematics of nature: the sophisticated design objects of the Berlin design studio FUNDAMENTAL are based on the mathematical laws of nature.

The "Gravity" bowl changes its appearance depending on the angle from which it is viewed. Due to the mounting technique, the tray transforms from a square to a diamond. Made of powder-coated stainless steel. Made in Italy, assembled in Berlin. Size 7 x 47.5 x 47.5 cm (h/w/d). Steel version.
