

C. Jeré: Wall sculpture "Tail Spin"

€1,100.00

Product no.: IN-733001

A rarity for art collectors: Even though this sculpture is actually immovable and fixed to the wall: the viewer involuntarily perceives it as if it is spinning and whirling, circling and rotating. The shape of the curved parts made of fire-treated and bright steel ensures that they seem to start moving before his eyes. Size 84 x 99 x 8 cm (w/h/d).
