

FreyWille:

Necklace "Half-Moon - Hommage à Hundertwasser - Street Rivers"

€705.00

Product no.: IN-940804

The colourful HOMMAGE À HUNDERTWASSER collection by FREYWILLE was inspired by the artist's extraordinary, lively designs and their central elements. Hundertwasser's typical street rivers have been artistically translated into the design STREET RIVERS.

This unique half-moon pendant shows the softly shimmering Viennese fire enamel in a discreetly elegant setting. A true statement pendant set in rhodium-palladium with a radiantly colourful motif full of radiance and complexity. Chain in 925 sterling silver, rhodium-plated. Length 45 cm. With lobster clasp. Pendant size 3.3 x 4.7 cm (h/w).

Each piece of jewellery is a handmade work of art of the highest quality, characterised by the precious material fire enamel. Fire enamel consists of liquid glass with mineral additives, which is fused at very high temperatures with 24-carat gold dust and high-quality colours.
