Product no.: IN-937391

Gustav Klimt's pictures are among the most expensive works of art worldwide and enjoy great international popularity. His style is unmistakable. In addition to the paintings of his "golden period", it was especially the impressive landscape paintings with which the Viennese master Gustav Klimt marked the transition to modern painting. For Gustav Klimt, landscapes which he painted in nature, without preliminary sketches, were a source of tranquillity and meditation. At the centre of his large-scale garden landscapes is the spectacle of nature as an elementary symbol of life.

The four pictures by Gustav Klimt presented here were lavishly reproduced on hand-made, heavy 250g Gmund Tactile. Framed in a golden solid wood frame, glazed. Size 39.5 x 39.5 cm each.
