

Paul Wunderlich: Sculpture "Woman's Head", bronze

€1,800.00

Product no.: IN-719903

This sculpture is characterised by the multiformity of its shadow-catching surface. Light and shadow shape the bronze. And the painterly charm of the surface is the focal point. As a result, the sculpture experiences a degree of spontaneity and expression. Yet despite this expressiveness, the woman's head has found an almost classical formulation. This successful synthesis of expressive representation and classicism is what makes Wunderlich's Woman's Head so special.

Sculpture in bronze, patinated, partly polished, cast using the Lost-Wax-Process. Edition of 250 copies, numbered and signed. Catalogue raisonné no. 130. Height 23.5 cm, weight 2.3 kg.
