

Erik Bulatov: Picture "Sunrise / Sunset", on stretcher frame

€690.00

Product no.: IN-685284.KR

Bulatov's "Sunrise / Sunset" plays with the classical repertoire of art history. The monumental landscape painted in photorealistic mania shows the vast expanse of the ocean in front of a clear horizon line. The globe with hammer and sickle as the sun is an ironic symbol of the old world order, no more than a nostalgic reminiscence: sunrise or sunset? Light or clouds? Bulatov deliberately leaves the question open, which the viewers have probably answered for themselves long ago.

Giclée print on canvas, 2007. Hand-signed by the artist on the front. Limited edition of 199 copies, numbered on the back. Stretched on a stretcher frame. Size 100 x 100 cm.
