

Paul Klee: Picture "Senecio" (1922), dimension 2

€990.00

Product no.: IN-895581

Klee's pictures are full of irony and wit, like this original self-portrait. Or is it more a portrait of life itself - colourful, multi-faceted and unpredictable?

Original: Oil on cardboard, Kunstmuseum Basel.

The reproduction on two levels impressively directs the viewer's gaze to the central message of the picture. This modern type of reproduction on acrylic glass enables a high colour brilliance and, at the same time, unfolds a previously unknown presence in the room. Here, the classics of art history become modern spatial objects.

Dimension 2: Reproduction on 2 levels on Alu-Dibond behind 3 mm thick acrylic glass, limited to 499 copies and numbered. Total size 82 x 75 cm (h/w). Cut-out 2nd level approx. 58 cm in diameter. The mounting device is included. Due to the smooth surface, mirror effects may occur depending on the incidence of light.
