

Lyonel Feininger: "Silver Star Picture" (1924), framed

€490.00

Product no.: IN-292697

A cubist pictorial creation with skyscraping cathedrals and silver stars interwoven with mystical greenery. Original: Oil on canvas, privately owned.

This limited edition masterpiece by Feininger is produced in a complex collotype process. This technique, which is very rare today and more than 140 years old, makes it possible to depict true halftones, i.e. to reproduce them completely and not through halftone dots of the primary colours. The valuable sheets bear witness to the highest artistic sensitivity in their production. The result is true to the original colours, which art connoisseurs in particular desire and which also do justice to the sensitive colourfulness of Feininger's works.

Nine colours on collotype board, limited edition of 1,000 copies. © by courtesy of the Estate of Lyonel Feininger. In a sophisticated solid wood frame with bevel cut passe-partout, dustproof glazed. Size 72 x 60 cm (h/w).
