Friedensreich Hundertwasser: (APA 378/IX) Mural relief "King of the Towers"

€590.00

Product no.: IN-714444

The art of Friedensreich Hundertwasser's transforms straightforward and monotonous things into a poetic treasure. Hundertwasser wrote about the famous onion towers: "Rich and powerful people always had towers. A golden onion tower on your own house elevates the resident to the status of a king". The romantic, cheerful onion towers symbolise the wealth and happiness that every person can find through independent creative activity. Because if every single person is creative, the place where they are becomes a paradise and a kingdom.
