

Jan Köthe:

Sculpture "Homage to Christo and Jeanne-Claude XXI" (2016), stainless steel

€990.00

Product no.: IN-834021

In the series of works "Homage to Christo and Jeanne-Claude", Köthe interprets the wrapping of the Reichstag in Berlin. The folds of the silver fabric, the constriction and the cast shadows flow into his stainless steel sculptures. Steles connected with a steel band remind us of the tied-up lengths of fabric and the bodies facing each other.

Stainless steel sculpture 2016. Limited edition 19 copies, handmade, numbered, signed and dated. Size 31 x 22 x 6 cm (h/w/d). Weight 1.6 kg.
