€198.00

Product no.: IN-941660

Sakura, the cherry blossom, is an important symbol and motif in Japanese culture. It stands for beauty, transience and new beginnings.

The delicate agate beads that form the colourful basis of this necklace are reminiscent of the pale pink of fragrant cherry blossoms. A filigree leaf shape made of 24-carat gold-plated brass is emblazoned in front of a disc of green agate, with a coral below it as a special accent. With lobster clasp. Length adjustable from 40-45 cm. Pendant size 3.7 x 2.5 cm (h/w). Due to the stones used, each necklace has a unique piece character and may vary.
