Product no.: IN-753914

The flag of Wales is adorned with a red dragon. A white one was on the early English flag, and a winged one - the wyvern - still adorns the flag of the Wessex region. Legends often see them as enchanted heroes to be redeemed.

Bronze dragon cast using the Lost-Wax-Process, on an antique green bronze rock. Based on an antique English original. Wingspan 63 cm, height 50 cm. Weight approx. 20 kg.
