

Rainer Kriester: Sculpture "Large Tattoo" (1982), reduction in light bronze

€2,480.00

Product no.: IN-926973

Rainer Kriester (1935-2002) is one of the most important German sculptors of the late 20th century. He achieved his international breakthrough in the 1980s, creating numerous "head signs", some of them are monumental figures in bronze, wood and stone. They are not masks, but rather individual heads, engraved with the traces of life lived and experienced.

The artist's wish was to produce scaled-down versions of his large-scale works in bronze. As an ars mundi Exclusive Edition, we have now produced a numbered and signed special edition of 49 copies each in either dark or light patinated bronze.

Original: 1982, ash wood, 195 x 60 x 95 cm, WVZ 230, the private property of the Kriester family.

Fine bronze sculpture, cast using the Lost-Wax-Process, chiselled by hand, polished and lightly patinated. Moulded and reduced directly from the original. Limited edition of 49 copies, individually numbered, signed and hallmarked with the foundry stamp. With numbered certificate of authenticity and limitation. Size 24.5 x 10 x 11.5 cm (h/w/d). Weight approx. 3.2 kg. ars mundi Exclusive Edition.
