The love of nature and its treasures are the inspiration of Dutch jewellery designer Marc Kolsters. Precious stones and freshwater pearls combined with elements of gold and silver give his creations a unique blaze of colours and special radiance. The high-quality collections are handcrafted and follow the claim to inspire jewellery lovers with ever new ideas.

Bracelet "Silver":

Delicate arrangement of freshwater pearls and elements of rhodium-plated 925 sterling silver. Strung on a stainless steel wire. The lobster clasp of the bracelet is also made of 925 sterling silver. Length 20 cm.
