Friedensreich Hundertwasser: Side and Tea Plate

€39.50

Product no.: IN-370221

Noble black with black - matt and glossy elements. The centre features a particularly typical Hundertwasser subject: the spiral with windows and raindrops. It symbolises the natural interplay of human beings, the sky and the earth. Hundertwasser preferred a deep black as a charming contrast for his pictures to let the colourfulness of the motifs shine even more expressively. You will see: The side and tea plates perfectly bring out the luminosity of the 14 colours and gold and silver platings of the Hundertwasser cups. Produced in the Königlich privilegierte Porzellanmanufaktur Tettau. The motif was developed together with the artist during his lifetime. Side and tea plates, diameter 20 cm. Dishwasher safe.
