Julius Thomas Tamar: sculpture "Messenger", bronze version

€1,480.00

Product no.: IN-348499

"Hermes" messages in a completely different way: this is how the messenger of the gods of classical antiquity delivers the news of the day in the form of a newsprint ball. Tamar succeeds in a wonderfully humorous way in symbolising our transitory media world. Height incl. diabase pedestal 17.5 cm. Base size 20 x 3 x 8,5 cm (w/h/d).

Edition in fine bronze. Limited edition of 99 copies, cast by hand using the Lost-Wax-Process. Signed and numbered.
