Kissmer: The mysterious aura of feminine perfection.

The true nature of the body is three-dimensional, haptic. This is what detail artist Willi Kissmer devoted himself to in his sculptural works. The invisible side, which creates a subtle tension in his paintings, can now be seen. Kissmer succeeded in maintaining the crackling eroticism of the motif all around with his sensitive, almost hyperreal language of form based on his graphic talent. The enveloping fabric turns into an essential ingredient for visual pleasure. Kissmer concentrated on the expressive centre of the female body and made it a highly personal projection surface for the viewer. This is what makes the works of the internationally renowned artist perfect.

Edition in bronze, partially gold-plated. Cast using the Lost-Wax-Process, finely patinated and polished. Limited edition of 199 copies, numbered and signed. Size 34.5 x 14 x 11 cm (h/w/d) Weight 4.9 kg. Pedestal 3 x 14 x 11 cm (h/w/d). ars mundi Exclusive Edition.
