

## Johann Hinger: Picture "Landscape in the Ruhr Area", framed

**€340.00**

**Product no.: IN-809030.R1**

Johann Hinger has been intensively interested in the Ruhr region for many years and, as a result, has created very personal oil paintings, watercolours and drawings. The impetus for this artistic exploration was, among other things, the clichés and prejudices against the Ruhr region, which the Austrian also encounters regularly during his visits to his hometown. Hinger's works are thus not a swan song for the Ruhr region. Instead, the works depict a region that has made peace with its history and has healed from many wounds. It is ready for the dawn of the 21st century.
