

Necklace "Almina"

€280.00

Product no.: IN-924816

The contrast of surfaces of 925 sterling silver and 24-carat gold-plated sections defines this delicate piece of jewellery. Its irregular shape is reminiscent of a structure from nature. A luminous blue topaz crowns the piece of jewellery. Pendant size 3 x 2.5 cm (l/w). The multi-row stainless steel chain is partially gold-plated. Length 45 cm. With hook clasp.
