Bangle "Ballerina - Hommage à Hundertwasser - 10002 Nights"

€1,090.00

Product no.: IN-940807

The colourful HOMMAGE À HUNDERTWASSER collection by FREYWILLE was inspired by the artist's extraordinary, vibrant designs and their central elements. Hundertwasser wanted to create an architecture that was closer to nature and people, in which diversity and organic and unregulated irregularities predominate. The cheerful design 10002 NIGHTS, featuring colourful towers that seem to have escaped from an oriental fairy tale, is inspired by his ideas.

The bangle is elegant and versatile and features two handmade fire enamel motifs on either side of the clasp. This bangle with beautifully shimmering fire enamel wraps comfortably around your wrist, making it a faithful companion for day and night. Brass 24-carat gold-plated. Diameter 5-6 cm. Width 1.1 cm. With clasp.

Each piece of jewellery is a handcrafted work of art of the highest quality, distinguished by the noble material fire enamel. Fire enamel consists of liquid glass with mineral additives, which is melted at very high temperatures with 24-carat gold dust and high-quality colours.
