

Brooch "Nysa"

€198.00

Product no.: IN-944680

Like the deceptively realistic painted grapes of Zeuxis, this original brooch captivates with its lifelike design. The hand-patinated leaves and branches of the wild grapevine are cast in bronze and decorated with flame-moulded glass grapes. Gold-plated tendrils provide an eye-catching accent. Size approx. 4.3 x 3.7 cm (h/w). With a safety clasp.
