Shawn Coffey:
Wall Sculpture "Attraction"

€1,480.00

Product no.: IN-762992

Gallery quality for a large audience in the shape of sophisticated metal art, this is the case for the artist Shawn Coffey, who designs for the "artisan house" (founded by C. Jeré).

This extraordinary wall sculpture in iridescent shades of red and copper opens up ever-new perspectives. Organic-looking agglomerates and peripheries of tinted and flame-coloured copper sheets are united by an overarching connectedness. A multi-layered accent for both modern interiors and stylish ambiences. Can be hung in landscape or portrait format. Size 122 x 99 x 10 cm (w/h/d).
