

Petra Waszak: Necklace "Nyla"

€248.00

Product no.: IN-942190

The intense deep blue of lapis lazuli never fails to fascinate. As the stone of rulers, lapis lazuli was particularly popular and widely used as a protective stone. This precious three-row necklace brings together faceted lapis lazuli beads to create a delicate piece of jewellery whose shimmering blue hues are reminiscent of the colours of the ocean.

Lapis lazuli and 24 ct. gold-plated brass. Adjustable length from 43-48 cm. Lobster clasp with decorative ornamental element with the artist's signature.
