

Lluís Jorda: Sculpture Ballerina "Arabesco", bonded bronze

€468.00

Product no.: IN-344704

As if she had stepped out of a painting by Monet or Degas: Jorda's ballerina pauses in a graceful stretching. Like the Impressionists, the sculptor succeeded in capturing the moment in all its light-flooded movement forever.

Polymer cast with a bronzed surface. Limited world edition 1,000 copies, signed, with certificate. Height 33 cm. With numbered certificate.
