

Petra Waszak: Necklace "Profile of Tutankhamun"

€139.00

Product no.: IN-939042

"... Gleaming shimmering gold everywhere!" This is how the British Egyptologist Howard Carter described the first glimpse of his discovery of Tutankhamun's burial chamber in 1922. The enigmatic fate of the ancient Egyptian pharaoh fascinates us to this day.

This piece of jewellery, shimmering in a warm golden hue, artfully depicts the noble profile of the young king on a sun-like disc of 24-carat gold-plated brass. Three-row necklace. Adjustable length from 43-50 cm, with lobster clasp. The diameter pendant is 2.5 cm.
