

Steel sculpture "Gorilla", blue version

€890.00

Product no.: IN-948474

This gorilla is an expressive spatial object made of painted steel, designed by the French metal artist Steve Chaudansan. He uses 3D design techniques to develop his objects, which are then laser-cut from steel plates, welded together and painted in bright colours. This process gives them their dynamic presence, making them a striking eye-catcher in any interior.

Steel, painted red. Size 30 x 22 x 23 cm (h/w/d). Weight approx. 5 kg.
