Fantastic worlds: From exotic birds of paradise to jungle scenes - The colourful DIY creations in 3D set humorous accents.

"Run through the forests, gallop through the fields. Set your imagination free and play!" This is the manifesto of studio ROOF, a creative label based in Amsterdam. Besides nature, fantasy and childhood, art is a great source of inspiration for the family business. The playful 3D objects made of recycled cardboard, printed with vegetable dyes, are designed to be plugged together - and now cover a wide variety of themes. However, all creations have one thing in common: modern, graphic imagery and a bright colour palette.

Two 3D birds of paradise in a set, consisting of eleven parts. Size 22 x 22 x 6 cm (h/w/d).
