

Falko Hamm: Sculpture "Swan", bronze

€1,480.00

Product no.: IN-809520

Hamm was able to bring out the most important characteristics of his motifs with reduced stylistic elements. Thus, his "Swan" appears graceful and proud with flowing forms and few details. Instead of white, it shines in noble bronze, and a polished beak enhances its elegance.

Sculpture in fine bronze. Cast using the Lost-Wax-Process, patinated and partially polished. Limited edition of 99 copies, numbered and signed. With a black marble pedestal. Size 17 x 13.7 x 6 cm (h/w/d). Weight 1.3 kg. ars mundi Exclusive Edition.
