

Tom's Drag: Candlestick "Acrobat II " (without candle), artificial marble

"Every day, life holds colourful but also bizarre experiences in all its aspects in store for us", says the artist Thomas (Tom) Hoffmann. The pop artist provides some of these aspects himself: his colourful furniture objects and light sculptures surprise with ingenious details. For example, the mirror is unceremoniously given a crown so that you can feel like a king or princess every day. The chests of drawers get stylish feet - in the truest sense of the word! And once you've seen Tom's bouquet full of tulips glowing in the candlelight, the waiting for spring is not so difficult anymore. With an object from Tom's colourful fantasy world, you can add a splash of colour to your home, while setting a confident style statement. Each piece is a little crazier, and each one is a real eye-catcher and an absolute highlight in every home. All objects are hand-cast in marble, a polymer-bonded marble mixture, and intricately hand-painted. This is how cult objects with unique qualities are created, which spread a lot of individual charm and simply good humour. Hand-painted artificial marble. Size 38.5 x 30 x 20 cm (w/h/d). The candle is not included in the delivery.
