

Kurt Arentz: Necklace "The Cat in Love", gold-plated version

€388.00

Product no.: IN-746273

The famous animal sculptures by the sculptor Kurt Arentz seem so real because they are not committed to an obsession with detail but to a precise depiction of what is typical of each animal. And so they do not lose their effect even when they are reduced to miniature. Even as pendants, they show Arentz's finesse between depiction and abstraction and are real "character pieces".

Necklace "The Cat in Love": This cat nestles comfortably on stretched paw tips, its hump arched far upwards, and its tail raised high. Pendant made of gold-plated 24-carat 925 sterling silver, 2 x 2.5 cm (w/h), with 45 cm long chain.
