The works of duckpool alias Karsten Rische are created from a combination of different techniques, such as painting with acrylic and a variety of ways of applying colour pigments.

After the Walt Disney Company Germany became aware of duckpool's works and techniques, he created numerous commissioned works for Disney, as well as Disneyland Paris, in which mainly the historical Disney characters such as Donald, Mickey and Minnie are integrated within the above-mentioned techniques.

It is always astonishing to see the consistently positive effect that these characters have on the viewer in their large format on canvas - genuine sympathetic figures that have accompanied us since our earliest youth.

Mixed media on canvas, 2018. Size stretched on stretcher frame 100 x 100 cm.
