

Petra Waszak: Necklace "Scarabeo"

€298.00

Product no.: IN-761588

In the centre of the pendant, framed by symbolic signs, sits a scarab made of lapis lazuli, which for the Egyptians was an image of the morning sun above the horizon. The chain is a very harmonious juxtaposition of turquoise, lapis lazuli and garnet, complemented by fine elements that, like the pendant, are made of 24-carat gold-plated brass. Chain adjustable length 40-46 cm, pendant diameter 4.5 cm.
