

Salustiano:

Picture "AND EARTH WILL REACH TO INFINITY LIKE BEFORE GALILEO (ZAHARA SOFT)" (Unique piece)

Product no.: IN-890475.00

Salustiano is a master of portraiture, both painted on canvas and paper. The Seville-born artist paints his models in the traditional manner against monochrome backgrounds so that the viewer's attention is focused on the person portrayed. They stand alone and confront the viewer with an enquiring gaze, encouraging a silent dialogue. Just as the works show the persons turned in on themselves in a meditative pose, the pictures are magically attractive and invite the sensual marvelling at these almost unearthly beautiful beings.

Unique piece. Natural pigments and acrylic resin. Signed on the back. Unframed. Size 100 x 78 cm.
