The etching "Venus" presents us with one of his main motifs, the Venus de Milo (c. 100 BC). The artist primarily used a plaster model of this figure for his still lifes in the 1970s, initially keeping the head intact until he removed it, claiming that the Venus had appropriated it, according to his statement.

Original etching with aquatint, 1989. 100 copies on paper, numbered and signed by hand. Motif size/sheet size 67.5 x 53.5 cm. Size in frame 86 x 71 cm as shown.
