

Shawn Coffey: Wall Sculpture "Elliptical"

€1,680.00

Product no.: IN-778235

The artist Shawn Coffey, who designs for the "artisan house" (founded by C. Jeré), offers gallery quality for a large audience through sophisticated metal art.

Shawn Coffey has perfectly mastered the art of making heavy material appear light. The wall sculpture, which is over one metre wide, is characterised by copper elements that owe their colour nuances to intensive processing with fire. Size 107 x 107 x 9 cm (w/h/d).
