€490.00

Product no.: IN-479763

We at ars mundi are pleased to present one of the most beautiful works by Giovanni da Bologna as an authentic museum replica. The mould was cast directly from the original.

Giambologna depicts Venus, the goddess of love, with richly waved hair, transfiguring and drying herself into an almost cultic ritual. The delicate statuette of splendour is a preparatory study for the famous sculpture in Boboli Gardens, Florence. Original: Bronze, Kestner Museum Hanover.

ars mundi museum replica, hand-cast as cast metal with fine patina on polymer pedestal, total height 29 cm.
